

Atomic learning:

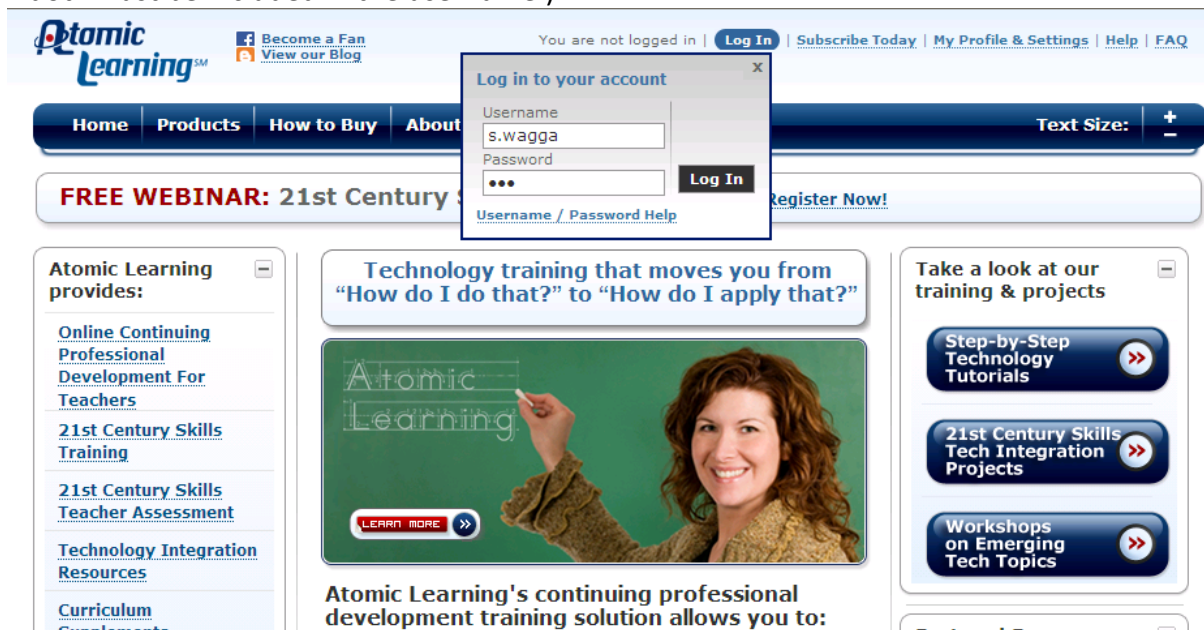

For video tutorials on lots of different software applications go to the website:

<http://www.atomiclearning.co.uk>

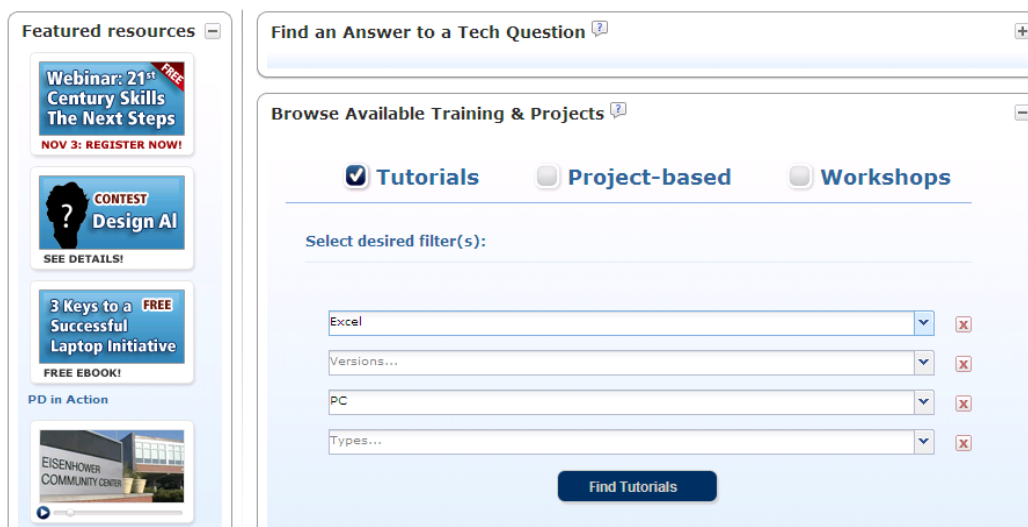

log on:

The login for secondary students is username: **s.wagga** and password: **nsw** (Please note the .“dot” must be included in the username.)

The login for VET students is username: **v.wagga** and password: **nsw** (Please note the .“dot” must be included in the username.)

Use the Search function to find a **tutorial** for the application and platform you are using:

In this example I have found tutorials on using Excel 2007:

The screenshot shows the Atomic Learning website interface. At the top, there's a navigation bar with links like Home, What's New, Extras, Support, and Upgrade Options. Below this, a sidebar on the left allows filtering tutorials by 'Excel', 'Versions...', 'PC', and 'Types...'. The main content area, titled 'Browsing Tutorials: 21 of 535 (filtered)', displays a table of available tutorials.

Series Title	Tutorial Count	Total Play Time	CC
Excel 2000 (PC) (5 Items)			
Excel 2002 (XP) (PC) (4 Items)			
Excel 2003 (PC) (5 Items)			
Excel 2007 (PC) (6 Items)			
Excel 2007 - Intermediate	81	02:12:03	CC
Statistical Analysis with Excel	47	44:51	CC
Excel 2007 - Intro	85	02:57:39	CC
Excel 2007 - Advanced	88	02:18:49	CC
Excel 2007 - Pivot Tables	32	51:32	CC
Excel 2007 - Charting Workshop	38	58:15	CC

Select the tutorials on the skills you need to learn:

This screenshot shows a section of the Atomic Learning website where users can expand or collapse tutorial categories. The categories listed are 'A. Basics', 'B. Working with Cells', and 'C. Formulas and Functions'. Below these, a list of specific tutorials is displayed with their key numbers and lengths.

	Key #	Length
1. Using AutoCalculate	32204	1:49
2. Using Auto Sum	32205	2:53
3. Creating formulas	32206	3:02
4. Using functions and the Function Wizard pt. 1	32207	2:05
5. Using functions and the Function Wizard pt. 2	32208	3:13
6. Editing formulas	32209	3:04
7. Checking formulas for errors	32210	1:32

Watch the tutorials as many times as you need, and then practice the skills.

This screenshot shows a tutorial player interface on the Atomic Learning website. On the left, there are controls for 'Prev', 'Next', 'Tutorial Playlist', and 'Share'. The main area displays a Microsoft Excel spreadsheet titled 'Book1 - Microsoft Excel'. The spreadsheet shows a table of arithmetic operators and their results.

	A	B	C	D	E	F	G	H
1	Excel's Arithmetic Operators							
2	+ Addition		47	25	=C2+			
3	- Subtraction		36	30	6			
4	* Multiplication		10	15	150			
5	/ Division		50	5	10			
6	% Percentage		22	21	2.1			
7	() Order		45	18	32			

Happy computing
